Any Suggestion

10 responses

Fully Satisfied

Good luck

We have to more focused on overall development of students with take care of personality development, better communications ,preparing for competitive exam, seminars on Import and export, scope in AI and Digital marketing, Art & Culture etc

The best possible scholarships and placements should be provided to capable students.

Incorporate more advance courses.

Please do not be supportive when your students are in need of cooperation and documentation support. I had great experience in Maharaja Agrasen college in term of mentor support or academic support. All professors were so great with having great command on the subject they are teaching. Moreover, behavior, nature and kindness are other things which makes in class learning even more meaningful and interesting. Having said that I would like to say that the clerical department should be respectful and cooperative towards students. I had very unsatisfactory experience with that particular department. When I was about

to come to abroad for my further study I was in need of many documents for which I had to pay, while in other colleges it's free of cost, not only this , but when I ask Letter of recommendation they denied to give me on college letter pad. Please give the right to all professors to use college 's letter pad free ly, as they are a part of that learning institute not the outsiders. Don't make your aluminum suffer when they need college assistance. Thanks and regards saroj bala

Nothing

Noo

No

Provide professional development opportunities to students
